

4 Laws of Gun Safety

The 1st Law of Gun Safety -
The Gun Is Always Loaded!

The 2nd Law of Gun Safety
- Never Point A Gun At
Something You're Not Pre-
pared To Destroy!

The 3rd Law of Gun Safety - Al-
ways Be Sure Of Your Target And
What Is Behind It!

The 4th Law of Gun Safety - Keep
Your Finger Off The Trigger Until
Your Sights Are On The Target!

- Jan 28
- March 31
- May (Steel Challenge)
- June 2*
- July 7*
- August 11
- September 8
- October 13*

Dates may change; Register at the MDPL website mdpl.ca for schedule updates.

Multi-Gun Matches

We have three multi gun matches planned for 2011 (marked *). “Multi-gun” events incorporate pistol, carbine and shotgun stages into a unique shooting challenge.

Competitor Safety Course

All MDPL shooters must be members of the Canadian Shooting Sports Association (CSSA).

Shooters must be trained to draw a loaded firearm and shoot while moving.

If you're interested in training please contact our Chief Training Officer:
Rob@mdpl.ca

About the MDPL

The Manitoba Defensive Pistol League was created in 2006 to provide organization for defensive pistol competition in Manitoba.

Our goals are to create safe shooters, great competitors, and to expand on our strong shooting community.

We organize about eight matches each year. A match is usually 4-6 hours long, using about 100 rounds of ammo.

What is IDPA (Defensive Pistol)?

Defensive pistol as a sport is quite simply the use of practical equipment including full charge service ammunition to solve simulated “real world” self-defense scenarios.

Shooters competing in MDPL events are required to use practical handguns and holsters that are truly suitable for self-defense use.

No “competition only” equipment is permitted in MDPL matches since the main goal is to test the skill and ability of an individual, not their equipment or gamesmanship.

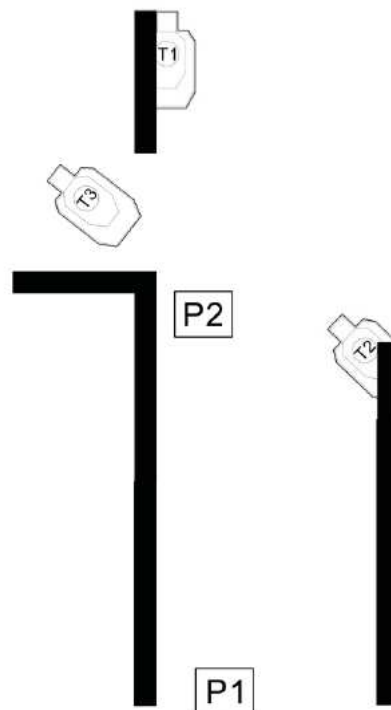

Action Shooting

Canadian Shooting Sports Association (CSSA)

CSSA is a national organisation with representation in each province and membership Canada-wide.

Often compared to the NRA, CSSA fights for the rights of Canadian gun owners and fosters participation in all the shooting sports.

A Typical ‘Stage’

Equipment

What Do I Need to Compete?

MDPL matches typically require the use of a service type pistol or revolver of 9mm/.38 special or larger caliber.

Holsters used must be practical, safe and suitable for concealed carry.

A common service pistol or revolver such as a Beretta 92F, Glock 17/22, Sig 226, Colt 1911A1, S&W 686 or Ruger GP-100 carried in a common pancake style holster is all that is needed to be competitive in matches.

Equipment Checklist

- ▶ Reliable handgun 9mm or larger
- ▶ 3 speed loaders or magazines
- ▶ Suitable holster
- ▶ Concealment garment
- ▶ Good attitude
